

A COMMITMENT TO SUSTAINABILITY

100% FSC Certified Packaging

- Biotix is now 100% FSC certified in all sourced and purchased paper-based materials which ensures recycled and responsible forestry based packaging
- All of our packaging is biodegradable
- Our polypropylene racks are fully recyclable

A COMMITMENT TO SCIENCE BASED TARGETS

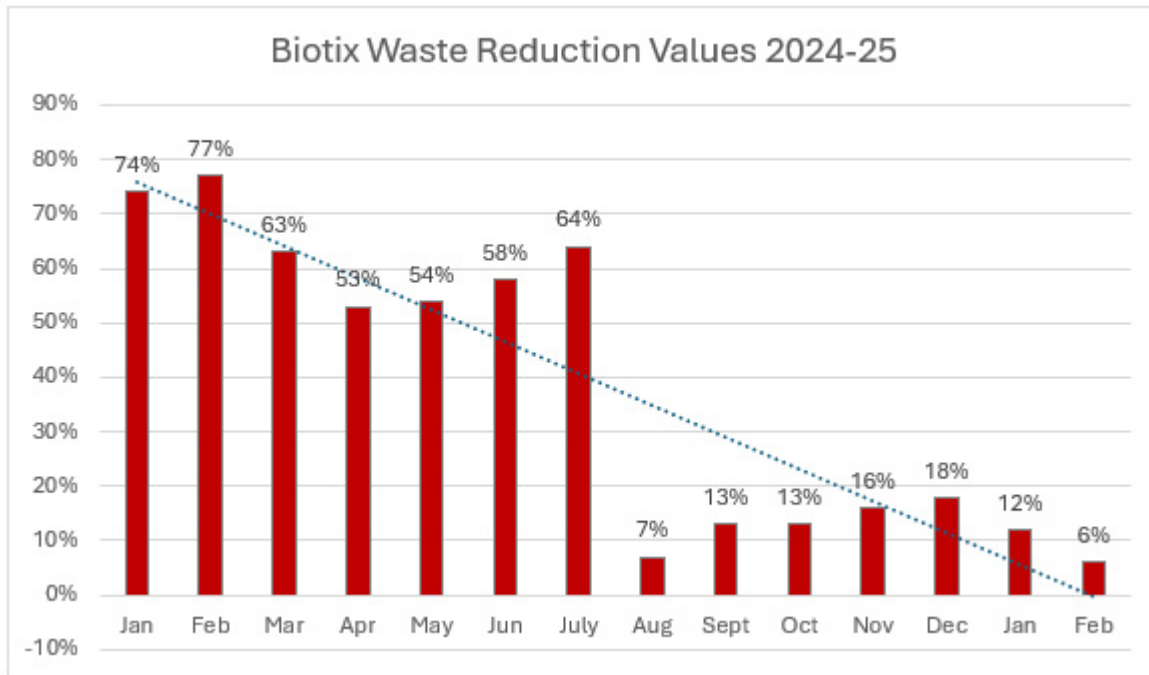

- By 2030, we will strive to reduce Scope 1 and 2 greenhouse gas (GHG) emissions by 70% and Scope 3 GHG emissions by 30%
- By 2050, we will strive to reduce absolute Scope 1 and 2 GHG emissions and Scope 3 GHG emissions by 90%

Responsible Supply Chain

- 80% of our supplier base is localized and closer to our manufacturing site, supporting the goal to reduce carbon footprint emission and consumption of non-renewable combustibles
- We aim to increase sustainable purchases that can support reduction in energy consumption, especially non-renewable fuels and we support waste prevention practices and recycling of materials

RECYCLING FOR A HEALTHIER WORLD

- 62% reduction in waste to landfill achieved in 2024 through recycling programs implemented at our manufacturing facility
- Our facility has implemented recycling programs for paper/plastic, organic waste and waste to energy
- Our 2025 goal is to be less than 5% waste to landfill

SMARTER MANUFACTURING

- New generation of electric and hybrid molding machines that consume 30% less electricity than traditional systems
- Six Sigma and Lean improvements resulting in fewer defects and less waste

PRINT TO DIGITAL

- We are transitioning our marketing materials and product documentation from print to digital formats to reduce our environmental impact

LET'S WORK TOGETHER

Biotix is firmly committed to helping you achieve your sustainability goals. We invite you to partner with us in our commitment to sustainability and explore innovative solutions together.
