

REDUCE

LESS PLASTIC MEANS MORE SUSTAINABILITY

We've reduced the amount of plastic that goes into our products so you can reduce the amount of plastic that goes into and out of your lab.

- Neptune Scientific racks use 1/3 less plastic than competitor racks
- The ESP rack is 100% recyclable
- The rack base can be reused as a manual/automation 96-well reservoir
- We have reduced the thickness of our shrink wrap

The Power of 1/3

Average weights in grams

The Neptune Optimus rack uses **1/3 less plastic** when compared to competitors'

SMARTER MANUFACTURING

- Plastic reduction at the source is the number one way to reduce waste from your lab. When you purchase Neptune Scientific products, you're buying your lab superior products with less plastic
- Neptune Scientific uses a new generation of electric and hybrid molding machines that consume 30% less electricity than traditional systems
- Six Sigma lean programs and premium raw materials result in fewer defects and less waste
- Do more in your lab by using less with Neptune Scientific products

REUSE

SUSTAINABLE RELOAD OPTIONS FOR PRODUCTS

Reusable as an Automation Reservoir

Engineered with pyramidal wells at the bottom of the base to help pool liquid. SBS base footprint means this is compatible with automated liquid handlers and **autoclaveable for multiple uses**

ESP Environmental Sustainable Pack

Convenient reload style with an easy push to load design. Reduces bench space by 80% and **reduces packaging waste by 90%***

*Waste reduction was calculated using the equivalent quantity of racked product. Assumes reuse of Optimus rack.

Manufactured with 1/3 less plastic than competitors

Barrier tips give an extra level of protection against contamination; we combined two easy to use refills into one package to **reduce waste by 33%***

RECYCLE

LET'S WORK TOGETHER

Neptune Scientific is firmly committed to helping you achieve your sustainability goals. We will continue to introduce innovative products that will further reduce your environmental impact.

Leave nothing behind®

The Neptune Scientific rack and all packaging is 100% recyclable!
